Bad Boys and Little Bitches

Betrayal, intrigues and forbidden romance: Lizzy, Finn, Elif and Leon are best friends. When new girl Vanessa comes to their school, they include her in their group. Not until it is far too late do they realise that she has involved them all in a web of intrigue, lies and secrets. One night, things get completely out of hand at a wild party, and the following morning Vanessa is dead. The friends begin to suspect each other because Vanessa had betrayed each of them in the worst possible way. But then Lizzy suddenly remembers exactly what happened that night. Now she knows who has Vanessa on his or her conscience!

Gripping and written in the racy style of Gossip Girl and Pretty Little Liars.
