## Bad Boys and Little Bitches 2. Kleine Sünden

Band 2

### *Bad Boys and Little Bitches. Little Sins*

How many intrigues can a friendship survive? Loner Conni is convinced there's no such thing as friendship! And he's dead set on proving it to the Bad Boys and the Little Bitches by splitting them up from the inside. He knows the four friends' weaknesses and involves one after the other in secret actions designed to show him up as a completely self-centred hypocrite. Conni's plan seems to be working, but when Lizzy suddenly has an accident and her friends risk their lives to save her, the true meaning of friendship becomes clear. Conni realises his mistake and has to apologise.

A fascinating web of intrigues and lies – for all fans of the TV series “13 Reasons Why.” Secrets and the dark side of human nature straight from the daily life of the target audience.
