

Peter Wohlleben, Stefanie Reich

Weißt du, wo die Baumkinder sind?

Do You Know Where the Tree Children Are?

Out into the leafy outdoors: forest discoveries with Peter Wohlleben and Pete the squirrel

Pete the squirrel is sad because he has no family in the woods. Peter the forester comforts Pete and explains that even trees live in families. Now this is something Pete really wants to see, so the pair sets out to look for tree children and their parents. Along the way, they meet a wolf, a dangerous hawk and a horse and see a conifer plantation. All they fail to find are tree families – until they reach the beech wood. Back at the forester's lodge, Pete begins to feel sad again because he is still all alone. Will Peter perhaps let him stay?

Do You Know Where the Tree Children Are? by Peter Wohlleben is a heart-warming story with a small and lovable hero who introduces children to woodland and nature in a unique way.

Rights sold: France, Slovakia, The Czech Republic

AUTHOR

Peter Wohlleben

Peter Wohlleben was born in 1964 in Bonn, Germany. From an early age he wanted to become a conservationist. He studied forestry and worked for over twenty years for the state forestry commission in Rhineland-Palatinate. Wanting to remain true to his ecological principles, he gave up his job and today runs an environmentally-friendly municipal woodland area in the Eifel region. His work centres on the preservation of the old forests, and he offers courses in survival training as well as camps for building log cabins. He has been a guest on various TV shows, gives talks and seminars and is a successful author of books on topics relating to forests and nature conservation.

ILLUSTRATOR

Stefanie Reich

Stefanie Reich was born in 1984, studied visual communication at the Bauhaus University in Weimar and now holds a design degree. She lives in Leipzig, where she works as a freelance illustrator.
