## Sternendiamant 4. Die Prinzessin des Lichts Band 4

### *Star Diamond. The Princess of Light*

Fana has been desperately unhappy since Kian, who she loves above all else, has gone over to her arch-enemy's side. But there are more and more signs that seem to bear out her innermost feeling that something isn't quite right about his sudden about-turn. Meanwhile, Kasim, the self-styled Jewel King, has captured the capital of Avestina. When he then declares war on the fairy kingdom and the sea people, it soon becomes clear that Fana is the only person with the knowledge to use the star diamond. Everyone is expecting her to do away with Kasim at last so that history cannot be repeated. But can she really kill in order to achieve this goal?

Love, friction and jealousy - plus a healthy portion of suspense, a relentless opponent and a dark secret - Volume 4 in the breathtaking fantasy saga for all Kerstin Gier fans.
