Die sagenhafte Saubande 2. Polly in Not Band 2

Cracking Crimes with Pig and Poodles - Polly's in Trouble

Together they're unbeatable! This crazy band of animal detectives can solve any case.

Polly is under suspicion! The detective sextet is on the spot straight away, eager to help Matheo's best friend. She may have exaggerated a bit, but still the detective friends are determined to prove that Polly had nothing to do with the dastardly deadly nightshade incident. The trouble is that they all have their own ideas about how to solve the case, "they" being Max, the greedy tracker pig, Toffy and Nero, the argumentative poodles, and, of course, Dr Black, the crow, who absolutely adores fruit brandy. Matheo's task is anything but easy!

Book 2 in Nina Weger's rumbustious detective series featuring talking animals. Hilariously funny, lively and heart-warming, all at once.
