Komm, wir füttern Tiere!

*Come On, Let's Feed the Animals!
With play feed to throw in to the
animals*

The perfect board book for animal lovers and active listeners

It's time for zookeeper Nora to feed the animals again. Of course, the young readers can go along with her and even lend a hand! On every double page, there's a zoo scene on the left, and a large picture of a single animal on the right that can be fed by pushing the detachable pieces of feed through a slot at the top of the page. In the end, all the animals are satisfied and happy, of course. And their meal for the next day is already ready for them.
