Fjella

Ein Pferd wie Karamell und Gold

Fjella - A Pony Like Caramel and Gold

Ponies, nature and magic - a touching tale of friendship, with the additional frisson of unicorn magic.

13-year-old Lina lives in the mountains with her father and brother. When she is given the mare Fjella, it seems as if her happiness is complete. However, the caramel-coloured pony is beyond unusual, and has a horny place between her ears... Soon not only Fjella but also Lina and her friend David are in danger - for Fjella is very special, and unfortunately the wrong people get wind of this.
