Kurt 2: Unicorns, Twonicorns

The Only Thing Worse Than Unicorns? Twonicorns!
Volume 2 of the fast-paced read-aloud best seller – Kurt defies all unicorn clichés!

Read-aloud enjoyment for children and adults alike

Too much unicorning! After freeing the Princess, Kurt wants a bit of peace and quiet. However, Trill's little brother and the other animals are still imprisoned, so his hopes of having a rest are dashed. What follows is a horn-ruffling adventure in which Kurt only just manages to escape from the clutches of a love-struck pig with its sights set on the unicorn – and then a Twonicorn appears on the scene and even more chaos ensues. Of course, everyone lives happily ever after, and all the animals are freed. In Volume 2 of her series about the grumpy unicorn Kurt, Chantal Schreiber has again created a fast-paced read-aloud treat.

AUTHOR

Chantal Schreiber

Chantal Schreiber was born and raised in Vienna and always knew that she wanted to be a writer. She never had a Plan B. Then again, she didn't have a Plan A, either. She abandoned a language degree course and kept her head above water working variously as a flight attendant, model and waitress. In the end, she was lucky enough to land a job in television, where she began writing screenplays for children's programmes. She had even more luck with her first youth novel, which was an immediate success – and has been writing books ever since: for children, teenagers and adults. And there's nothing she would rather do! She still doesn't have a plan, but now she does have a laptop and any number of ideas!
