Wanda and the Christmas Wonder

Marliese Arold (Written by), Elisa Vavouri (Illustrated by)

Small angel, huge good luck! Wanda is up in the attic shortly before Christmas, when she discovers Woosh, a little angel with a bent wing. Woosh urgently needs Wanda's help if he is to perform all his jobs for Father Christmas. At the very latest when Wanda's little sister is born, every reader, young or old, will discover in this delightfully touching story the true wonder of Christmas: the love that resides in human hearts.

This heart-warming Advent calendar story reveals what Christmas is really all about in 24 chapters beautifully illustrated by Elisa Vavouri.
