

Petra Maria Schmitt, Christian Dreier, Heike Vogel

Wo geht der Astronaut aufs Klo?

Vorlesegeschichten für neugierige Kinder

Where Do Astronauts Go to the Toilet? Read-Aloud Stories for Inquisitive Children

Does a millipede really have a thousand feet? Why doesn't it hurt when you have your hair cut? And how does the rain get into the clouds? This book playfully answers 19 questions children often ask. That's because this is not a knowledge book as such, but a truly wonderful storybook that is sure to teach the adults who read them aloud one or two new things. A new book in the popular series: Fascinating facts woven into child-appropriate stories with beautiful illustrations by Heike Vogel.

Age recommendation: 4 +

ISBN: 978-3-7707-4021-5
